This week's Learning Log:

Welcome back! This week we have started our new topic 'Memory Box', which we are already very excited about. We began the week by thinking back to when we were babies, thinking carefully about what we could do then and what we can do now. We realised that we have changed so much already! To help us remember the past, we looked at our old baby pictures and baby clothes.

English

This week we have been focusing on our new Cornerstones topic. We began the week writing from the perspective of a baby! We compared ourselves to when we were younger and recorded these differences. We have also spent lots of time discussing our childhood memories. We look forward to delving deeper into the past in the upcoming weeks.

You could:

- Writing your own simple sentences, remembering to use full stops, capital letters and finger spaces. Don't forget to sound out words using phonics!
- Practice forming letters correctly.
- Look for 'special friends' in words and work hard to segment and blend sounds as you read.

Year 1

30.10.17

Welcome back!

Maths

In Maths, we have been learning to count on or backwards when adding and subtracting. We are beginning to remember that we do not need to count each item every time, and instead can use a number lines or mental methods to help us. We are continuing to work on consolidating this skill. We are also beginning to add 3 numbers in a number sentence instead of 2!

You could:

- Practise counting forwards and backwards to 20. Perhaps you could write these numbers in order too.
- Play number bond snap.
- Practise number formations.
