

Learning Links

This week's Learning Log:

What a busy week! This week we have been finishing off our Henri Rousseau inspired paintings, which turned out very well! We continued to explore our topic of 'Paws, Claws and Whiskers', by using topical terms to describe our own imaginary creatures. We considered the habitats, diets, and appearance of our creatures, using adjectives to add extra description. We also completed an exciting butterfly hut whereby we learnt about camouflage!

English

This week we have almost finished writing up our stories which we have been planning over the past week. We have been focusing on our letter formation and use of interesting adjectives. We have just begun to look into our next story book 'Zeraffa Giraffa'. We used a story sack full of props to spark our imaginations as to what the story could be about, and used these resources to practise our own storytelling skills. We will continue to use this book as a stimulus for our learning over the next few weeks.

You could:

- Practice forming capital letters and noticing the difference in size, compared to lowercase letters.
- Research and record a fact about an unusual mammal, reptile, amphibian, bird or fish.

Year 1

19.01.18

Don't forget your P.E kits every **Wednesday!**

Maths

In Maths, we have moved onto our next topic of place value. We have been practising our fluency in counting forwards and backwards to 100 and practising recognising and forming 2-digit numbers. We have also been practising counting in 10s and finding 10 more and 10 less than any given number, using a 100 square.

You could:

- Practise finding half past the hour times on an analogue clock.
- Practise finding 1 more/ 1 less or 10 more/ 10 less than a 2-digit number.
- Practise reading and recognising 2-digit numbers
