

## This week's Learning Log:

This week we have continued looking at rounding to numbers up to 100,000 and comparing and ordering numbers up to 1,000,000. As well as solving and making our own word problems using our place value knowledge. We have also been editing out writing and peer assessing each other to fine tune our english journals before our big write. We have also looked at the life cycle of a mealworm ready to investigate their habitat. Homework will now be coming out on a Friday, which includes spellings and a maths sheet, and they should be returned by Friday.

### English

Next week in English will be starting to look at poetry specifically rhyming poems.

#### You could:

- Look over the Year 5 and 6 spelling list
- If you have any books full of poems please bring them in so the children can look at a wide variety.
- Practice looking at some rhyming words.
  - Play some SPAG games

<https://www.topmarks.co.uk/english-games/7-11-years/punctuation>

### Cornerstones

Next week we will be looking to build a habitat for a mealworm. If you have a plastic tub that you don't need any more please could we borrow it?

## Year 5

Next Week

Beginning: 1<sup>st</sup> October

Remember to read as much as possible to try and widen our vocabulary 😊

### Maths

Next week we will be looking at addition and subtraction of 4 digit whole numbers using the column method.

#### You could:

- Practice place value
- <https://www.topmarks.co.uk/maths-games/7-11-years/place-value>
- Practice number bonds to 10 and 20 so they are as quick as possible.
  - Practice mental maths addition and subtraction.
- <http://www.primaryresources.co.uk/maths/pdfs/mentaltest.pdf> (short quiz you could practice and change the numbers each night?)
- Practice some other skills online
