

This week's Learning Log:

This week we have been using column method to work out addition and subtraction calculations using 4 or more digit numbers! We have also been investigating knights to help us with our poem writing. We have written a sonnet about our own knight using facts we have learnt from our topic lessons. We have also made a dance up to represent a knights battle as well as looking at the wheel of Dharma in RE.

English

Next week in English will be starting to look at persuasion texts.

You could:

- Look over the Year 5 and 6 spelling list
- If you have any leaflets from the summer selling an attraction, then that would be great for the children to look at to get some ideas.
- Practice writing sentences with the correct punctuation (capital letter, full stop, comma to mark a pause).

- Play some SPAG games

<https://www.topmarks.co.uk/english-games/7-11-years/punctuation>

Cornerstones

Thank you for all the tubs that have been brought in! We shall have some mealworms in their next week so the children can observe them in their home made habitats.

Year 5

Next Week

Beginning: 8th October

Remember to read as much as possible to try and widen our vocabulary 😊

Maths

Next week we will be looking at addition and subtraction of 4 digit whole numbers and how we exchange numbers across place values.

You could:

- Practice place value

<https://www.topmarks.co.uk/maths-games/7-11-years/place-value>

- Practice number bonds to 10 and 20 so they are as quick as possible for addition and subtraction.

- Practice mental maths addition and subtraction.

<http://www.primaryresources.co.uk/maths/pdfs/mentaltest.pdf> (short quiz you could practice and change the numbers each night?)

- Practice some other skills online
