

Learning Links

This week's Learning Log:

This week we have been looking at soundtracks using tuned and non-tuned instruments. We also carried out an experiment looking at evaporation. In votes for schools we looked at 'sharenting' and parents putting up pictures of their children online. Year 5 will have Mrs Parmar teaching them as of Monday next week.

English

Next week we will be writing up our final versions of our non-chronological reports after editing them to try and make them the best piece of work we can possibly do!

You could:

- Look over the Year 5 and 6 spelling list.
- Collect any images of gold you would like to use in your report.
- Practice handwriting with the children's spelling homework to encourage joined cursive handwriting.
- Practice reading with pace, we have looked at text marking books to help us with our reading encourage children to show you how we do this (they should have bookmarks to help.)
 - Play some SPAG games

Year 5

Next Week

Beginning: 3rd
December 2018

Remember to read as much as possible to try and widen our vocabulary 😊

Maths

Next week we will continue to look at multiplication and division, including prime numbers and square numbers.

You could:

- Play games to improve multiplication skills up to 12 times table.
 - Look at factors of a number.
 - Look at multiples of a number.
- Look at sharing objects out using division.
