

## This week's Learning Log:

This week we have been looking at different ways to separate materials including sieving, filtering and evaporation and creating fair tests. In votes for schools we looked at how young children can help make the community safer by looking at who they can tell and get in contact with if they see something that makes them upset or feel worried. We have also been looking at the different aspects of volcanoes.

### English

Next week we will be drafting our non-chronological reports and editing them to try and make them the best piece of work we can possibly do!

#### You could:

- Look over the Year 5 and 6 spelling list.
- Continue to do research on gold for them to include within their non-chronological reports.
- Practice handwriting with the children's spelling homework to encourage joined cursive handwriting.
- Practice reading with pace, we have looked at text marking books to help us with our reading encourage children to show you how we do this (they should have bookmarks to help.)
  - Play some SPAG games

### Year 5

Next Week

Beginning: 26<sup>th</sup>  
November

Remember to read as much as possible to try and widen our vocabulary 😊

### Maths

Next week we will beginning to look at multiplication and division. (we changed last week to look at time).

#### You could:

- Play games to improve multiplication skills up to 12 times table.
  - Look at factors of a number.
  - Look at multiples
- Look at telling the time on an analogue and digital clock in both the 12-hour clock and the 24-hour clock
  - Look at sharing objects out using division.
